

“SAMPLE MY LATEST DISCOVERY - ‘GUNPOWDER TEA’

THE
MERCHANT
TEA & COFFEE CO

Come in for a **FREE SAMPLE** of **Gunpowder Tea** - our fabulous green tea which you can enjoy at home. Gunpowder is a very high grade of Chinese Green Tea, that gets its unusual name from the fact that each leaf is tightly rolled into a tiny pellet that ‘explodes’ into a long leaf when steeped in hot water. This popular tea has a strong fragrance and a pungent flavour. Green tea leaves are steamed and processed for a shorter time giving it a lighter flavour which keeps the medicinal and beneficial chemicals intact. Since ancient times, the Chinese have used it to treat everything from • **headaches to depression** • **cancer** • **rheumatoid arthritis** • **high cholesterol levels** • **cardiovascular disease** • **infection** • **impaired immune function**. This offer is valid until 30 November. One sample per coupon redeemed. **THE MERCHANT TEA & COFFEE CO. IS OPEN 7 DAYS**
